MACHON YERUSHALAYIM. LEARNING ON ANOTHER LEVEL.

תשכ"ח-תשפ"ב 54 YEARS OF CREATIVITY

Machon Yerushalayim, The Jerusalem Institute of Talmudic Research, was founded over fifty four years ago in Jerusalem and is recognized today as the foremost publisher of Rabbinic writings. As one of the largest Jewish research institutes in the world, the Machon has produced hundreds of volumes of some of the most important and rare Torah works. Its invaluable contribution to Torah publishing comes as the result of an unyielding commitment to strive for the highest level of Torah scholarship, research, creativity and integrity to discover and publish rare manuscripts of Jewish scholarship and to elucidate, amend and correct errors which made their way into earlier editions of basic Jewish works.

Machon Yerushalayim has also established a number of projects to resurrect and preserve the cultural and spiritual life of European Jewry and Jewry from North Africa and the Arab lands, to memorialize the memory of those once proud communities and their leaders and engrave it in golden letters, and to publish the writings and compositions of the great scholars of previous generations.

A MULTIPLE Z'CHUS!

- By unveiling the manuscript of a Gadol, you are making it possible for the Gadol's Torah to continue to be a light for all future generations bringing him a tremendous zchus. In this merit, the Gadol will surely be a meilitz yosher for you and your family.
- You can benefit the Klal Yisroel by donating toward the publishing of a sefer that could otherwise be lost for generations, or by donating toward the restoration to the original text of a sefer that has accumulated numerous mistakes over the years as a result of printing and reprinting.
- Your donation will encourage and support a Torah scholar and his family as he deciphers, restores and brings to life rare manuscripts for the benefit of all Klal Yisroel. You will have a share in this invaluable labor of love over hundreds of hours, months & years.

מהדורת פריעדמאן

INCLUDE THIS CLASSIC, AND ESSENTIAL SET IN YOUR TORAH LIBRARY

The Shulchan Aruch Friedman Edition, one of the greatest Torah research projects in recent history, is the fulfillment of the dream of many generations who yearned to have a corrected and clear printing of the ערוך שלחן.

Based on comparisons with manuscripts and earlier printing the volumes of the Shulchan Aruch were reedited and printed. Thousands of errors and misprints were corrected, many previously deleted passages were restored, abbreviations were spelled out, all sources were cited, numerous additional commentaries were printed from manuscripts, and many other improvements were incorporated into this monumental work of scholarship.

Nine volumes on Orach Chaim, ten on Yoreh Deah by Machon Yerushalayim, nine on Choshen Mishpat and six volumes on Even Ha'Ezer by Machon Morasha LeHanchil, represent a vision which has become a reality, providing a beautiful, incomparable edition of these timeless texts.
